The quality policy of EUROSERT OÜ is focused on certifying products for companies with the goal of promoting high-quality activities in the field of metalworking. The vision of quality is to uphold ethical principles and professional standards while adhering to confidentiality and impartiality requirements at all levels of the organization.

One of the objectives of our policy is to help our clients place their products in any market, ensuring compliance with the established minimum safety requirements.

We rely on three core values – quality, efficiency, and safety. We offer our clients high-quality product testing.

Our policy and product certification schemes are non-discriminatory – all clients are equally subject to the conditions of EUROSERT OÜ.

EUROSERT OÜ operates in accordance with the regulatory acts of the Republic of Estonia and international standards.
